“Data Collection and Analysis” is scheduled

3rd March 2022 (Wednesday) at 1:00 p.m.

The seminar on Introduction to Data Collection and Analysis by Dr Shabana Siddique. 30 students attended the seminar.

Topics covered

Understanding Data Collection

- Data collection is the systematic process of gathering and measuring information.
- It involves selecting appropriate methods and tools based on research objectives.

Research instruments

- Different research instruments, such as surveys, interviews, and observations, suit various data collection needs.
- Choosing the right instrument depends on the research question and desired outcomes.

The event ended with vote of thanks.
